

PARTICIPATION RULES

1. INTRODUCTION:

The **i4KIDS** network aims to promote innovation in pediatric and maternal health to bring solutions designed, developed and tested with and for children and mothers. To achieve this goal, the i4KIDS network launches its Innovation Program 2022 and calls for participation to any eligible project that wants to make an impact on the future of children and mothers.

2. PROGRAM DESCRIPTION:

The i4KIDS Innovation Program is aimed at identifying the pediatric and maternal health projects with the greatest potential and helping them move closer to the market. Projects can participate in two different Program categories:

2.1. **i4KIDS Start (Only for i4KIDS members)**

i4KIDS Start aims to de-risk and validate research-stage projects by means of providing consultancy services in the field of Regulatory, Business Plan, Intellectual Property, Market Access, Technological Feasibility and Scalability studies, and Exploitation Strategy, among others.

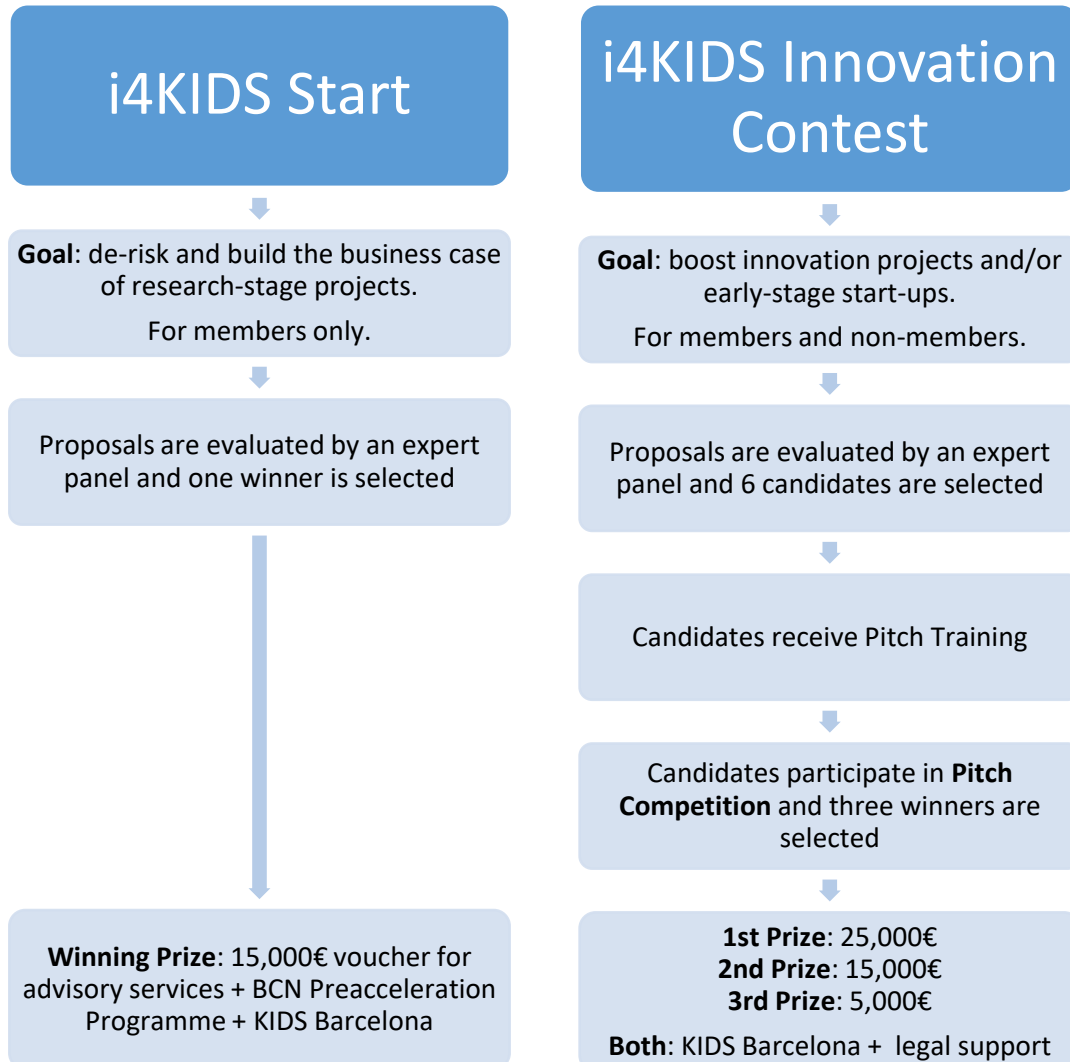

Only i4KIDS members can apply to this category (the members' list can be found in Appendix A). An external expert panel will evaluate and select one winning project, which will be awarded a 15,000€ voucher to be used in consultancy services. Furthermore, the winning project will receive the opportunity to access to the [Barcelona Preacceleration Programme](#) and participate in an advice session with [KIDS Barcelona](#).

2.2. **i4KIDS Innovation Contest (For anyone, members and non-members)**

i4KIDS Innovation Contest aims to support the acceleration of entrepreneurial projects toward the market. Through an open call, any eligible project (members and non-members of the i4KIDS network) can present their proposals. The program will select 5 candidate projects that will defend their proposals in a pitch competition, which will take place during the Pediatric Innovation Day (PID) on the 21st of September 2022, in Barcelona. All 5 finalists will receive a Pitch Training. During the public presentation, an expert jury will evaluate the proposals and will select three winning projects, which will be awarded the i4KIDS prize (1st prize: 25,000€, 2nd prize: 15,000€, 3rd prize: 5,000€). Additionally, both winning projects will also receive the opportunity to have an advice session with [KIDS Barcelona](#), as well as advisory support from [DWF-RCD law firm](#).

This project has been co-financed by the European Union Through the European Regional Development Fund (ERDF-FEDER). File number 2018 XARDI 00011

4. **PARTICIPATION IN THE i4KIDS START CATEGORY**

4.1. Application process

Participants must complete the Application Form according to their category choice, which will be available on the program's website:

<https://www.innovation4kids.org/call-4-projects-2022>

Once the application form is filled out, participants should upload the documentation to the call-for-projects website. Alternatively, participants can send the documents via e-mail to contact@innovation4kids.org, "i4KIDS INNOVATION PROGRAM 2022" must be included in the e-mail subject.

Proposals have to belong to, or be in collaboration with an i4KIDS member (see Appendix A). Proposals have to be presented and submitted by an i4KIDS member.

Applications must be submitted in English using the aforementioned form.

Applications will be accepted until 5th August 2021 at 12:00 PM. Any application received after this date will not be accepted.

4.2. Meet-the-expert session

All participants presenting a proposal will be offered the opportunity to take part in a meet-the-expert session with [ABG Intellectual Property Firm](#). Projects willing to participate in this session will have to identify their interest in the application form and will be contacted to schedule a short session.

Scheduled participants will receive a free individual evaluation and/or advice session on the recommended strategy for intellectual property protection. This meeting will discuss the different ways to protect inventions and developments available such as patents, utility models or trade secrets, among others, as well as legal issues, either in terms of confidentiality agreements and signing licensing and transfer agreements, or in litigation for infringement and validity of patents. The objective is to provide participants with a better understanding of the most appropriate industrial property strategy to obtain the best return on their R&D investment and strengthen their competitive advantage.

This project has been co-financed by the European Union Through the European Regional Development Fund (ERDF-FEDER). File number 2018 XARDI 00011

4.3. Candidate selection process

An initial evaluation will be performed to identify the projects that meet the eligibility criteria. Selected projects will be assigned to external evaluators for review in accordance with the evaluation criteria described below. External evaluators will be experts from the fields of entrepreneurship, private investment and the healthcare industry. Proposals will be ranked according to evaluation criteria. One project will be selected as the winning project in the i4KIDS Validate category.

The result of the external evaluation will be notified to participants in early September 2022.
